

BUSINESS CLUB

Join the AFC Wimbledon Business Club, an exclusive Club with members from a wide range of businesses across Wimbledon, South West London and beyond.

Your membership will provide access to other like-minded business people - each representing different industries and services. You'll also receive a number of unique benefits to help you bring your brand to our audiences, attracting customers and building new business relationships.

The Business Club will host six events across the calendar year, ranging from networking breakfasts with guest speakers to entertaining, evening activities. Some of these events will involve our partners, making available their facilities and, especially, their expertise.

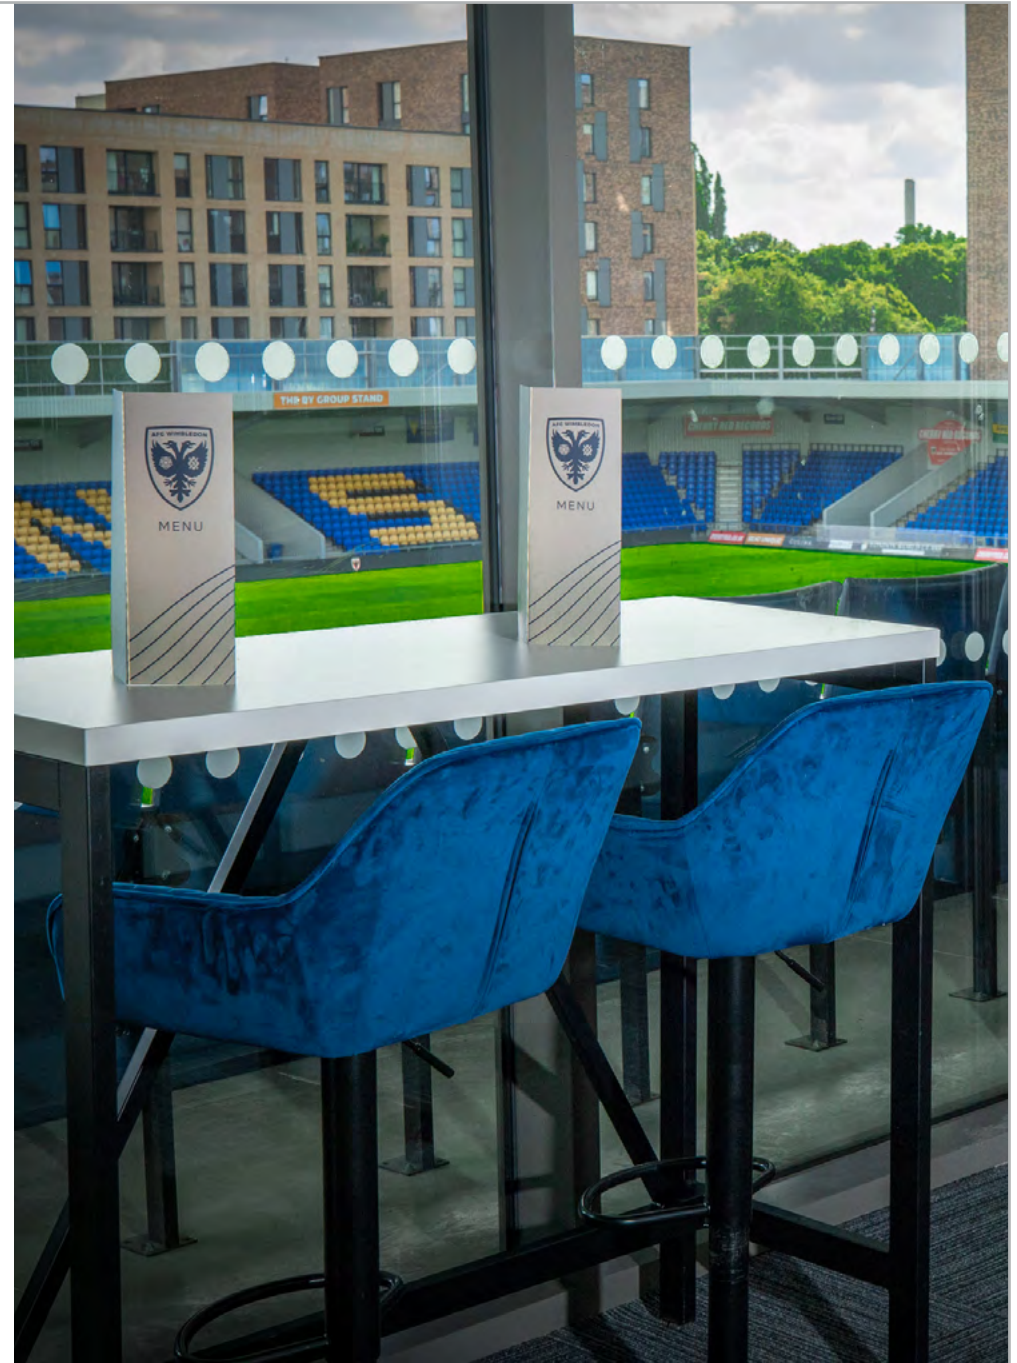

AFC Wimbledon strongly believe that working with local businesses and strengthening networks between companies and the club's partners will lead to benefits for both club and community in the long term.

Join today.
